

SPORTS, ENTERTAINMENT & TOURING

You Visualize. We will Execute.

Deliver high-impact productions with proven systems, experienced Crew, and technical support built for demanding environments.

Ready for the Road

Forty Two supports concerts, tours, festivals, and large-scale events with audio, lighting, video, rigging, power, staging, and production infrastructure. We plan for the venue, schedule, audience, and technical demands so every stop performs with consistency.

Why Choose Us

- ★ Proven systems for demanding shows
- ★ Experienced Crew, ready to move
- ★ Consistent execution across venues
- ★ Safety built into every plan

Take the Show Further

Talk with **Forty Two** about your stadium concert, arena event, touring production, amphitheater show, festival, sporting event, grandstand entertainment, or large event.

WE DO MORE

Key Services

Concert & Touring Production

Scalable production systems and technical support for single events, regional runs, and multi-city tours.

Audio, Lighting & Video

Professional systems designed for impact, clarity, and consistent performance.

Rigging & Staging

Safe, efficient support for flown production, stages, platforms, and temporary structures.

Touring LED & Display

High-performance LED, cameras, playback, and visual systems built for live entertainment.

Temporary Power & Infrastructure

Reliable electrical distribution, cable management, barricades, and site support for large productions.
